

## Product data sheet – ProPack

### Product description

The Eurotec ProPack offers selected sizes of Paneltwistec in a great value package. It is particularly environmentally friendly and also makes transport of our wood screws easier thanks to its practical handle.

### Material

- Corrugated cardboard, double wall

### Advantages

- New, high-quality design
- Practical handle
- Better handling of the screw packaging
- Environmentally friendly package printing
- More cost-effective and environmentally friendly thanks to larger packing unit
